

Journal of Micropalaeontology

Volume 26, Part 1, April 2007

CONTENTS

1. **Organic-walled dinoflagellate cyst stratigraphy in an expanded Oligocene–Miocene boundary section in the eastern North Sea Basin (Frida-1 Well, Denmark) and correlation from basinal to marginal areas**
K. Dybkjaer & E. S. Rasmussen 1
2. **Latest Permian Entactinaria (Radiolaria) from southern Guangxi, China**
Qinglai Feng, Songzhu Gu, Weihong He & Yuxi Jin 19
3. **The Pennsylvanian conodont genus *Gondolella* Stauffer & Plummer, 1932: reinterpretation of the original type specimens and concepts**
G. K. Merrill & P. H. von Bitter 41
4. **Seasonal dynamics and decadal changes of benthic foraminiferal assemblages in the western Baltic Sea (NW Europe)**
J. Schönfeld & L. Numberger 47
5. **Morphometrics of the Late Devonian conodont genus *Palmatolepis*: phylogenetic, geographical and ecological contributions of generic approach**
C. Girard, S. Renaud & R. Feist 61
6. **Fusulinid Foraminifera of the Bashkirian–Moscovian boundary in the eastern Taurides, southern Turkey**
A. V. Dzhenchuraeva & C. Okuyucu 73
7. **The Radiolaria of the Herefordshire Konservat-Lagerstätte (Silurian), England**
David J. Siveter, J. C. Aitchison, Derek J. Siveter & M. D. Sutton 86

MICROPALAEONTOLOGY NOTEBOOKS

1. **Comments on the spelling of 'archaeopyle', the germination aperture in dinoflagellate cysts**
S. Feist-Burkhardt 39

Abstracted and/or indexed in *Current Contents*, *Science Citation Index*, *GeoArchive*, *GeoRef*, *Geobase*, *Geological Abstracts* and *CABS (Current Awareness in Biological Sciences)*

Cover Illustration. TMS Logo (Mark Purnell produced the microfossil images for each TMS Group and Steve Starkie designed the logo).

Price: £74.00
